## PROFILE

I am a web developer with a passion for creating responsive, user-friendly, and scalable web applications. I have experience in developing websites using HTML, CSS, JavaScript, React.js, Node.js, and Express.js. I have also worked on projects involving database management, API integration, and authentication. I am proficient in using Git, GitHub, and VS Code as my development tools. I am eager to learn new technologies and frameworks, and I enjoy working in a collaborative and agile environment.
